

# Jeremy D. Hawver

---

Allen Park, MI 48101 • M: 313.622.3390 • jeremy@hawver.net • @hawverj

## Objective

To hold a leadership / development related position within a growing company, where my responsibilities focus on web application design and delivery

## IT Skill Set

UI/UX, Bootstrap 3, CSS3, JavaScript, LAMP stack, PHP 5, MySQL, WordPress, Ruby on Rails, Object Oriented Programming, Drupal, HTML5, Agile/SCRUM, jQuery, AJAX, Photoshop, Illustrator, Linux, Apache, TCP/IP

## Career

**LevelSet Solutions**, Royal Oak, MI 2/2014 - present  
Lead Front-end Developer

- Created 8 highly advanced WordPress themes from the ground up
- Responsible for the on-going UI/UX enhancements of 14+ WordPress sites
- Developed WP plugin which allowed the insertion of custom JavaScript/CSS code for a specified page/post
- Built 2 websites using Ruby on Rails framework

**Unitask Software**, Bloomfield Hills, MI 9/2013 – 2/2014  
Lead Web Architect (on contract)

- Developed a custom content management library (PHP5, MySQL, jQuery, Bootstrap3) to house all company documentation for public consumption
- Developed 2 custom ROI calculators (JavaScript, AJAX, Google Charts) designed to prove return on investment to customer within 6 months of software product implementation
- Led complete user interface overhaul of company customer portal using Bootstrap3 and CSS3, placing a large emphasis on user experience
- Responsible for maintenance and upgrade of external facing website (WordPress)
- Led establishment of a solid social foundation in order to immediately drive revenue

**VisionIT**, Detroit, MI 6/2012 – 9/2013  
Web Architect for Detroit Public Schools account

- Led development for a district wide (4000+ user) intranet built in PHP 5.3/MySQL/LAMP using CSS3 and the Bootstrap 3 UI framework
- Developed a custom Drupal module which interfaced with the Zimbra API
- Leveraged Agile methodologies to gather requirements, create user stories, and plan bi-weekly sprints for all internal DPS web team projects
- Responsible for the daily maintenance of the external facing website (WordPress)

**GE**, Van Buren Twp, MI 2010 – 2012  
Lead Technical Analyst – Legal Systems

- Responsible for the project management of a suite of 5+ PHP/Oracle web applications centered on protecting all company-wide intellectual property, including patents, trademarks, and copyrights
- Managed 15+ off-shore resources in India, leading them through new feature development
- Led the development for a large billing system written in PHP/Oracle, which processed \$4.5M monthly, and used a 2 week sprint release cycle

- Was a contributing representative on GE Corporate's Agile Development Council, responsible for the delivery of Agile training to all corporate staff, as well as the eventual migration from Waterfall to Agile/SCRUM
- Led a high visibility project to speed up and centralize the reporting on revenue generated from Intellectual Property per quarter, using a 3rd party solution called iDashboards

**Ascend Internet Marketing**, West Bloomfield, MI 2008 – 2011  
Lead Developer (consultant)

- Developed from the ground up (UI, data structure, and code) and supported a custom case management solution for 80+ Buffalo Wild Wings stores, which tracked the maintenance and service of all on site kitchen and IT equipment

**Wayne State University**, Detroit, MI 2008 – 2010  
Application Technical Analyst

- Developed a 50+ user, front counter CRM web application (LAMP, jQuery, AJAX) which handled 300+ daily student sign-ins
- Responsible for the support and upgrade of 4 public facing student loan and scholarship web applications written in PHP and MySQL

**IBM**, Southfield, MI 2005 – 2008  
Security Analyst

- Escalation of real-time security attacks to 3000+ worldwide customer base
- Solved network outages of IDS, IPS, and firewall devices while meeting a 15 min SLA

**Arrow Complete Communications**, Milan, MI 2003 – 2005  
Lead Developer / Network Engineer

- Developed 2 dynamic web based ticketing systems using the full LAMP stack
- Created an SNMP monitoring tool with text/email alerts within 2 min of equipment failure
- Managed a 100 hotel network consisting of servers, switches, routers, and wireless AP's

## Education

**Eastern Michigan University, Ypsilanti, MI**  
B.S. in Computer Science, 2003  
Minor in Mathematics: Calculus III, Probability/Statistics, Discrete Math

## Character

Exceptionally organized with an enthusiastic attitude and always putting the team above myself
